Consent to Use of Electronic Signatures

Electronic Signatures

Federal law requires your consent to use electronic signatures for documentation and records ("Electronic Document") that would otherwise be legally effective only if provided to you in a printed/written paper document.

"Electronic Documents" include the documents you may see on your computer, such as forms or agreements through websites or web forms. They can typically be printed out, but also independently in a digital/electronic form on your computer.

By clicking in the box marked "I agree" at the bottom of this page, you consent to use electronic signatures rather than paper documents for the forms provided on this website (the "Site"). You are also confirming that you have the capability to receive and view electronic records and that you have an active email account.

You understand that your electronic signature is legally binding, just as if you had signed a paper document. Your consent to use electronic signatures and documents applies only to materials generated on the Site.

Identification, Authentication, and Security

Identity authentication is required prior to use of an electronic signature. The Site will confirm your identity by authenticating data provided by you with data maintained by an independent source. Once your identity has been confirmed you may be required to create a Personal Identification Number (E-Sign PIN) for the Site. You should keep your username, password, and E-Sign PIN information confidential at all times.

Paper Signature

If you prefer to use paper signatures, you may instead print a copy of the completed PDFs presented on the Site, sign them, scan them, save them on computer desktop, and upload them to the Site.

Paper Delivery of Disclosures and Notices

You have the right to receive a paper copy of the disclosures, notices, terms and conditions, and other communications provided on the Site. There is no cost to receive paper copies of any electronic records. If you wish to receive a paper copy, please send a request with your name, mailing address, daytime telephone number, and the document you wish to receive to one of the following:

Email: onto@uga.edu
Phone: 706-542-167

System Requirements

In order to use electronic signatures and to receive electronic communications, you must have:

- A personal computer or other device that can connect to the Internet.
- Software that enables you to receive and view Portable Document Format (PDF) files, such as Adobe Acrobat Reader (available for a free download at https://get.adobe.com/reader/).
- An Internet browser that supports SSL-secured encryption, including any of the following:
  - Edge
  - Firefox
  - Chrome
  - Safari

Withdrawal of Electronic Signatures

You may withdraw your consent to use electronic signatures at any time. If you wish to do so, you may check to opt out of the ability to electronically sign a document whenever an electronic signature may be applied. You will only have the ability to turn in documentation as mentioned in the Paper Signature section above. Unselecting the decision to opt out will require you to re-accept the Consent to Use of Electronic Signatures before you may begin applying electronic signatures to your documents.

[Accept] [Cancel]
Click **OK** to acknowledge that you have E-Signed the document.

Welcome! Contact the Financial Aid Office with any questions.
