Student's UGA ID

Federal regulations allow students to receive financial aid for only those classes that fulfill degree requirements for that student. University records indicate the student's primary program of study is at the undergraduate level, yet the student is taking graduate level coursework. The Office of Student Financial Aid (OSFA) must document whether these graduate level courses will satisfy **undergraduate** degree requirements before financial aid can be disbursed. Please list below **ALL** the courses in which the student is enrolled for the term indicated and whether each course fulfills a degree requirement for his/her **undergraduate** degree.

**Academic Advisor:** Please list all courses in which the student is enrolled for the given term and indicate whether each class is or is not satisfying an undergraduate degree requirement.
