Where to Send External Scholarship Checks

All external scholarship checks awarded to students to attend UGA should be mailed to:

The Office of Student Financial Aid (OSFA)
University of Georgia
Holmes-Hunter Academic Building, Room 312
101 Herty Dr.
Athens, GA 30602

Make all scholarship checks payable to the University of Georgia.

If a check is made co-payable to UGA and the student, the student will be required to sign the check which may delay the application of the funds to the student's account.

Be sure to include the student's full name and UGA ID # on the check!

Processing Time for Scholarship Checks

The typical processing time for private scholarship checks ready for deposit is 5-7 business days.

At peak times (middle of July through the end of September, and middle of December through the end of February), students should allow up to 10-14 business days for the processing of private scholarship checks.

In order for a scholarship to credit a student's account before their charges are due, we recommend that checks be submitted to UGA by the dates below:

July 15 for Fall Semester

Scholarship Disbursement
All scholarships $1,000 or greater will be divided evenly between the fall and spring semesters unless the donor directs OSFA to do otherwise.

Students may also email osfa5@uga.edu with specific requests about how they would like funds distributed (e.g., all funds for Fall). As long as the donor did not include specific instructions that the student's request would violate, we are glad to make these changes.

Scholarship funds first pay a student's outstanding UGA charges. After a student's current charges are paid, any resulting credit balance is refunded to the student by the Bursar & Treasury Services.

How to Apply for the HOPE/ Zell Miller Scholarships for Georgia Residents

What is Federal Student Aid?

Federal Pell Grant

Federal Supplemental Educational Opportunity Grant

Federal Work-Study

Federal Direct Student Loans

Federal Direct Parent PLUS Loans

Federal Work Study

The Federal Work-Study Program (FWS) is a Limited Funds, *need-based* financial aid program in which eligible students work part-time on-campus while enrolled at the University.

The Office of Student Financial Aid (OSFA) uses the FAFSA to establish a student's eligibility for potential employment through FWS.

Work Study funds must be earned and are not applied toward a student’s UGA account balance.

Students awarded FWS will be able to apply for FWS-specific jobs on Handshake. Students who have been awarded FWS will receive an e-mail from our FWS team containing instructions on how to access Handshake.
These e-mails will not be sent until after we begin official awarding in mid to late June. Students must accept their FWS award to receive this e-mail.

Federal Direct Student Loans

Undergraduate Federal Direct Student Loans
Subsidized & Unsubsidized Annual Limits

Grade Level	Dependent Undergraduate
Freshman (0-29 credits)	$5,500 (up to $3,500 can be subsidized)
Sophomore (30-59 credits)	$6,500 (up to $4,500 can be subsidized)
Junior & Seniors (60+ credits)	$7,500 (up to $5,500 can be subsidized)

Federal Direct Student Loan Interest Rate for 2026-27 Year: 6.52% fixed

Federal Direct Student Loan Limits

Federal Student Direct Loan: Dependent undergraduate students may borrow up to **$5,500 in their first year**, **$6,500 in their second year**, and **$7,500 per year after that**, with a **maximum total of $31,000** over the course of their undergraduate education.

Subsidized Versus Unsubsidized Loans

Federal Direct Subsidized Loans are loans for undergraduate students with financial need, as determined by your cost of attendance minus Student Aid Index and other financial aid (such as grants or scholarships).

Federal Direct Subsidized Loans do not accrue interest while you are in school at least half-time or during deferment periods.

Federal Direct Unsubsidized Loans are loans for both undergraduate and graduate students that are not based on financial need.

Interest is charged during in-school, deferment, and grace periods. Unlike a Federal Direct Subsidized Loan, you are responsible for the interest from the time the Federal Direct Unsubsidized Loan is disbursed until it's paid in full. You can choose to pay the interest or allow it to accrue (accumulate) and be capitalized (that is, added to the principal amount of your loan).

Federal Direct Loan Origination Fees

- The Origination Fee is the amount a borrower is required to pay the U.S. Department of Education to help defray the cost of a Federal Direct Loan (FDL).
- The applicable origination fee is withheld from each FDL disbursement.

Loan Type	1st Disbursement Dates	Loan Fee
Subsidized & Unsubsidized	10/1/2020 thru 9/30/2026	1.057%
Parent PLUS	10/1/2020 thru 9/30/2026	4.228%

Example: Parent is approved for the Parent PLUS Loan and requests $6000 for the 2026-2027 academic year.

This amount is split equally over Fall 2026 & Spring 2027 semesters.
($3000 Fall / $3000 Spring)

Once the loan origination fee has been deducted, the net amount of $2874 will apply toward the student’s UGA student account balance for Fall 2026.

Other Options for Funding

Private Student Loans:
https://osfa.uga.edu/types-of-aid/undergraduate/loans/private-alternative-education-loans/

Parent PLUS Loan:
https://osfa.uga.edu/types-of-aid/undergraduate/loans/federal-direct-parent-plus-loan/

Private Student Loans

A private (alternative) education loan is a non-federal education loan borrowed from a private lender such as a bank, credit union or other financial entity and should be a student's last resort for educational assistance.

Only students who need additional funds beyond what they qualify for in Federal Student Aid (FSA) and non-federal aid should consider applying for a private education loan.

If you are considering borrowing a private student loan, please keep in mind that once the school certifies the loan, **there is a 10 day right of rescission time period.**

Because of this, students who wish to borrow private student loans should complete the application **no later than mid-July** (if possible) if they wish to have their loan in place in time to apply toward their fall charges.

What are the credit requirements to qualify for a private student loan?

Credit requirements vary from lender to lender.

Private student loans typically require a credit score of 650 or higher, though some lenders may require a score of 670 or above.

Lenders may also consider items such as income and/ or payment history.

Some students may need a co-signer with strong credit to qualify.

A higher score increases a borrower's chance of approval and can mean better interest rates and more flexible terms.

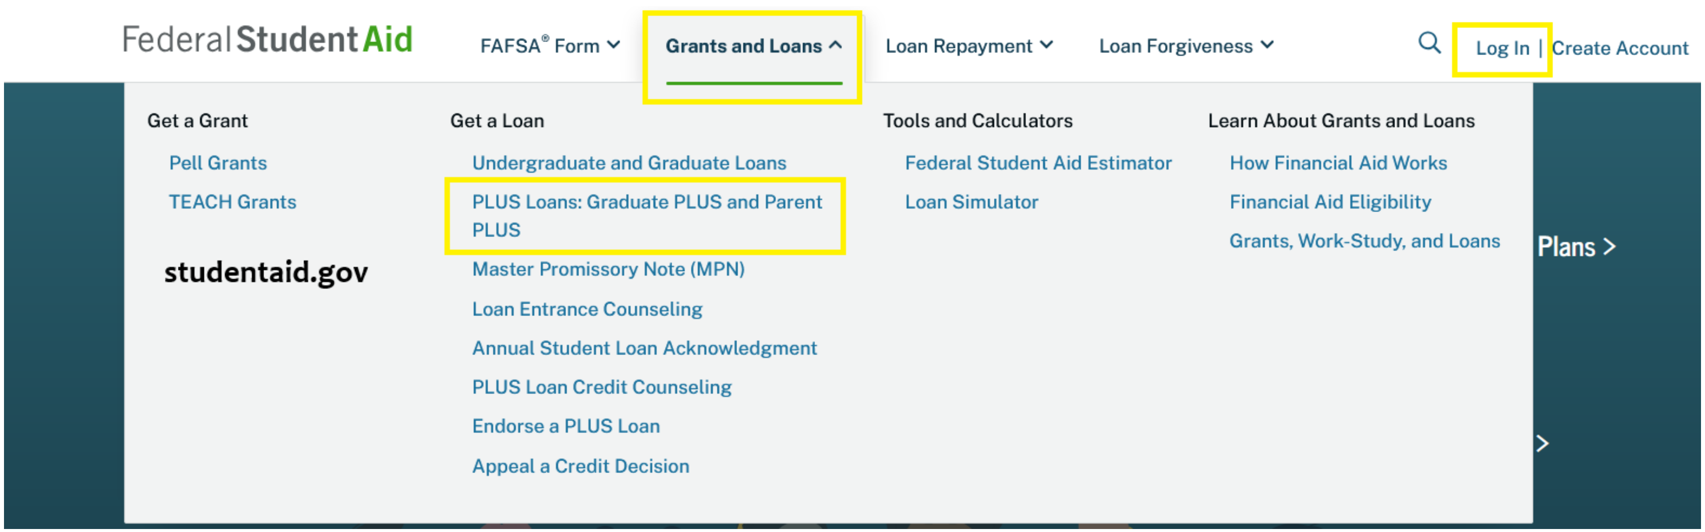
Parent PLUS Loan

A student must have a FAFSA on file in order for a parent to be able to obtain a Parent PLUS Loan.

To apply for the Parent PLUS Loan, the parent must log into **studentaid.gov** with the **parent's FSAID** and apply for a Parent PLUS Loan.
This application will open via studentaid.gov in early July.



Parent PLUS Loan Limits

Parent PLUS borrowing limits: Beginning July 1, 2026, Parent PLUS loans will be capped at **$20,000** per student per year, with a **$65,000** lifetime limit per dependent student.
*The amounts cannot be appealed since they are set by Federal Regulations

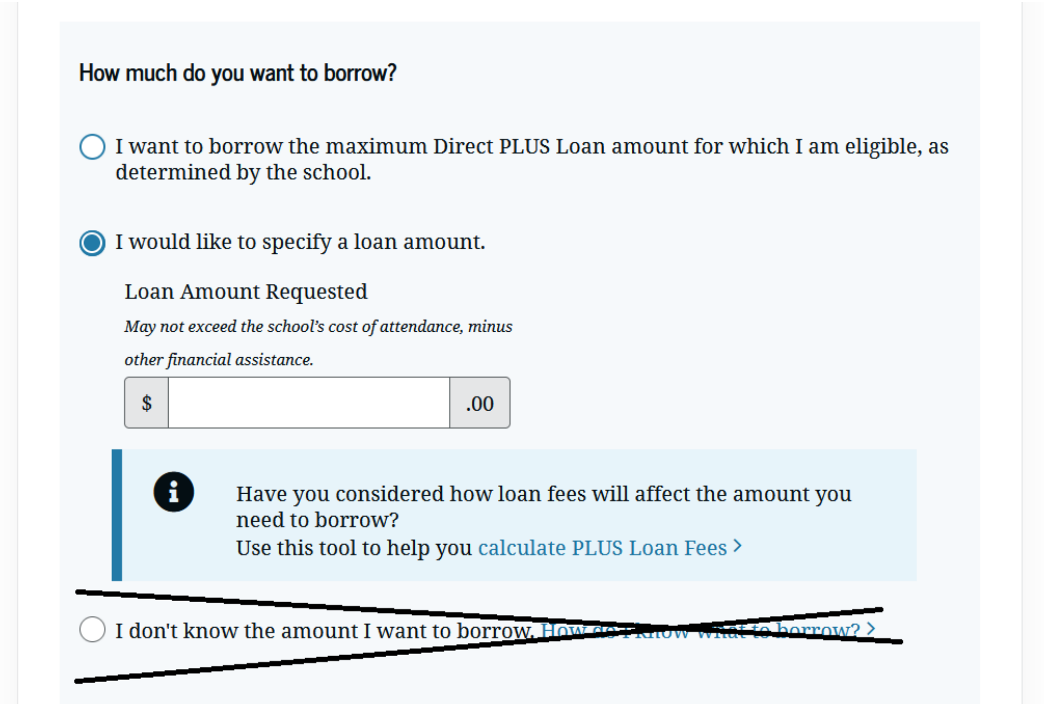
The interest rate is fixed at 9.07% for Parent PLUS Loans borrowed during the 2026-2027 academic year.

Parent PLUS Loan Amounts

When completing the Parent PLUS Loan application, the parent may select they want:

- the maximum
- a specific amount
- don't know what amount to borrow

If a parent chooses "don't know" that will delay the processing of the loan.
Please contact OSFA for assistance in determining a specific loan amount to borrow.



Parent PLUS Loan Amounts

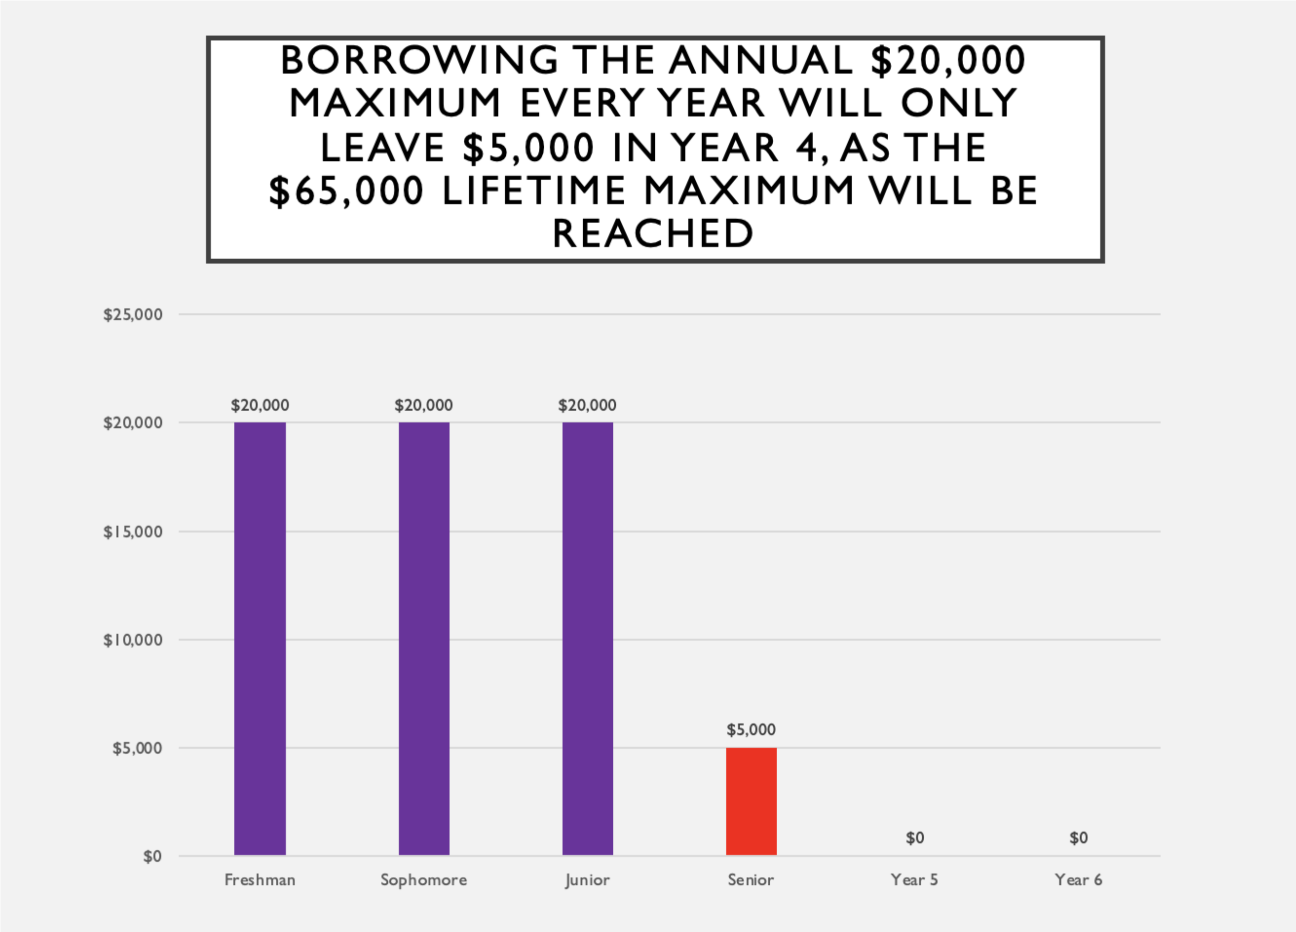
The Parent PLUS Loan is considered “gap funding.”

To determine how much you can potentially borrow in the Parent PLUS Loan, use the following formula:

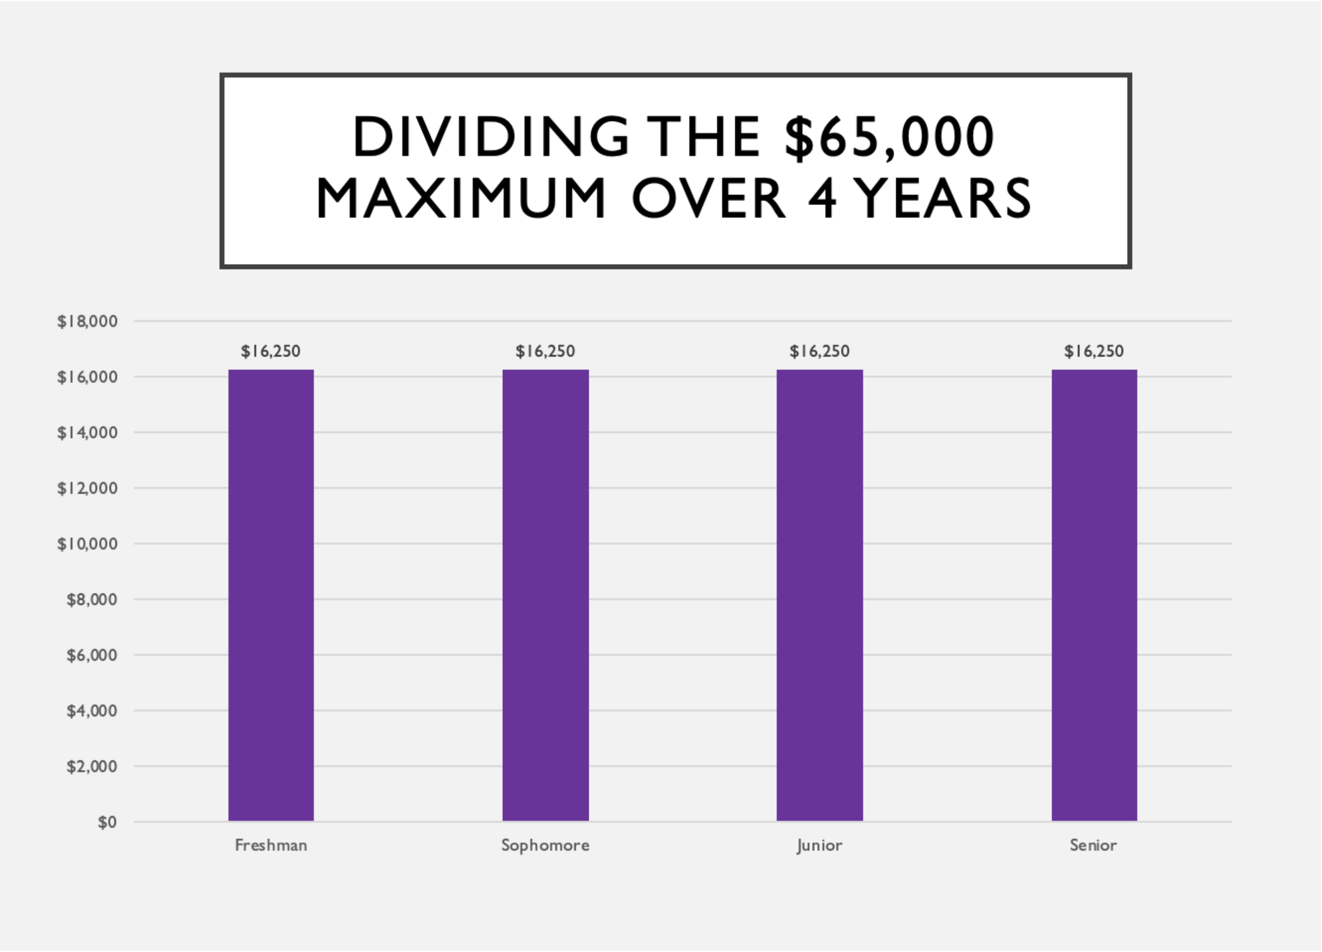
Estimated Cost of Attendance – the Student’s Financial Aid = Potential PLUS Loan Amount.
(Please keep in mind there is now a $20,000 annual cap on the Parent PLUS Loan with a lifetime limit of $65,000 per student.)

Example: $29,806 GA resident COA for Fall 2026/Spring 2027
- $10,134 Zell Miller Scholarship
- $ 5,500 Federal Direct Unsubsidized Loan
$14,172 Potential Parent PLUS Loan Amount

Parent PLUS Loan Amounts



Parent PLUS Loan Amounts



Credit Balance Option for the Parent PLUS Loan

Credit Balance Option

You may have remaining loan funds after the school uses your Direct PLUS Loan to pay for tuition and fees, room and board, and, if you provide authorization, other educationally related charges. The amount of the remaining loan funds is called a credit balance. If there is a credit balance, the school will pay it to you (the parent) directly by check or other means unless you authorize the school to pay the credit balance to the student. You (the parent) are not required to authorize the school to pay the credit balance to the student; but you are required to select either yourself or the student to receive the credit balance.

If there is a credit balance after your Direct PLUS Loan has been applied to the student's school account, to whom do you want the school to pay the credit balance?

- ◯ Me, the Parent
- ◯ The Student

Parent PLUS Loan Credit Check

Parent PLUS loans require a credit check that looks specifically for "adverse credit history" rather than a minimum credit score.

Your credit history is considered adverse if your credit report shows that you are experiencing any of the following credit conditions:

- Accounts with a total outstanding balance greater than $2,085 that are 90 or more days delinquent as of the date of the credit report, or that have been placed in collection or charged off* during the two years preceding the date of the credit report.
- Default determination during the five years preceding the date of the credit report.
- Bankruptcy discharge during the five years preceding the date of the credit report.
- Repossession during the five years preceding the date of the credit report.
- Foreclosure during the five years preceding the date of the credit report.
- Charge-off/write-off of a federal student aid debt during the five years preceding the date of the credit report.
- Wage garnishment during the five years preceding the date of the credit report.
- Tax lien during the five years preceding the date of the credit report.

Options if the Parent PLUS Loan is Denied

Option 1:
Obtain an Endorser.
An endorser is kind of like a cosigner. An endorser is someone who doesn't have adverse credit and agrees to pay back your Direct PLUS Loan if you don't.

Option 2:
File an appeal.
You have the right to appeal an adverse credit decision if you think it was made in error, is missing important information, or is based on data that is now out of date.

Options 1 or 2 can be pursued via studentaid.gov.

Option 3:
Your student may request additional Unsubsidized Loans.
If you're a parent and you're unable to get a PLUS loan, your child may be able to get additional unsubsidized loan funds.

Normally, a dependent student can't get as much unsubsidized loan funding as an independent student can. But when you're denied for a parent PLUS loan, the school may offer your student the higher maximum amount of unsubsidized loans that is otherwise available only to independent students. This is up to an additional $4000 for the year for first year students/ sophomores and up to an additional $5000 for the year for juniors/ seniors. Have the student contact OSFA for assistance with this option.

How to Estimate What You May Need to Pay UGA in August 2026

Example of Georgia Resident Estimate:

Estimated Direct Costs minus Estimated Aid = Possible Balance due

Estimated Direct Costs

Tuition: $5067

Student fees: $747

Parking pass: $200

Total: $6014

$6014 - $5067 Zell Miller Scholarship = $947 balance due

Please keep in mind this is an example!

Your estimate may vary depending upon ***your student's*** *financial aid.* In some cases, students may have financial aid that exceeds their direct costs. In those instances, the student will receive a refund of their excess aid instead of owing a balance.

How to Track Your HOPE/Zell Miller Scholarship Eligibility

HOPE & ZELL MILLER SCHOLARSHIPS

HOPE Scholarship | Zell Miller Scholarship | How To Track Your HOPE Academic Eligibility

- My High School HOPE GPA
- My College HOPE Profile

How To Track Your HOPE Academic Eligibility

Georgia's HOPE Programs are for those students who demonstrate academic achievement, not only in high school but throughout their time in college.

Beginning in high school, Georgia students are able to track their *My High School HOPE GPA* through their GAfutures account to know if they are on track to earn the HOPE and Zell Miller Scholarship.

Now, with the *My College HOPE Profile*, students who have earned the HOPE or Zell Miller Scholarship, as well as the HOPE or Zell Miller Grant, can track their academic eligibility while attending a HOPE-eligible Georgia college or university.

Note: GAfutures accounts require the student's Social Security number and date of birth in order to provide the student's secure academic data.

Access your **My College HOPE Profile** through gafutures.org.

Course Program of Study

What is Course Program of Study (CPoS)?
CPoS refers to the outstanding coursework required for a student to obtain their officially declared degree. Federal regulations (34 CFR 668.32) mandate eligibility for federal aid and financial aid cost of attendance (COA) based on enrollment in courses that meet outstanding degree requirements.

This is a federal requirement that currently only relates to federal financial aid.

Should a student register for courses not required to satisfy their program of study they may see an impact in their federal financial aid award packages as well as their cost of attendance.

Having students only enroll in courses that satisfy degree requirements keeps them on track to graduate in a timely manner. **Less time to degree = less student loan debt!**

Satisfactory Academic Progress

Federal statute and regulations require educational institutions to establish a Satisfactory Academic Progress (SAP) Policy for determining if an otherwise eligible financial aid applicant or recipient is making satisfactory academic progress in his or her education program.

UGA's SAP Policy:

Measurement of Quantity

Undergraduate students must successfully complete a minimum of **67%**, or two-thirds, of their Total Attempted Hours.

Measurement of Quality

All Undergraduate students must have at least a 2.0 Minimum Overall Grade Point Average (GPA) at the end of every semester.

Maximum Total Attempted Hours:

Undergraduate students are not making SAP once their Total Attempted Hours equal 150% of the number of hours required to complete their undergraduate degree, or once it is apparent they will be unable to complete their undergraduate degree before reaching their applicable Maximum Allowable Total Attempted Hours
